No Job is Too Big or Too Small

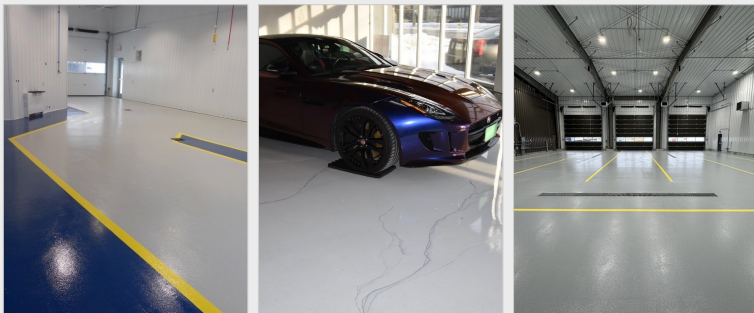

impactepoxy.ca

AUTOMOTIVE

Dealerships and service centres need floors that resist oil, chemicals, and heavy vehicles while impressing clients.

- Chemical & oil resistant
- Zone & lane marking
- Slip-resistant surface

FOOD & BEVERAGE

CFIA/NSF/USDA-compliant systems for food processing, breweries, and commercial kitchens — withstanding thermal shock and wet conditions.

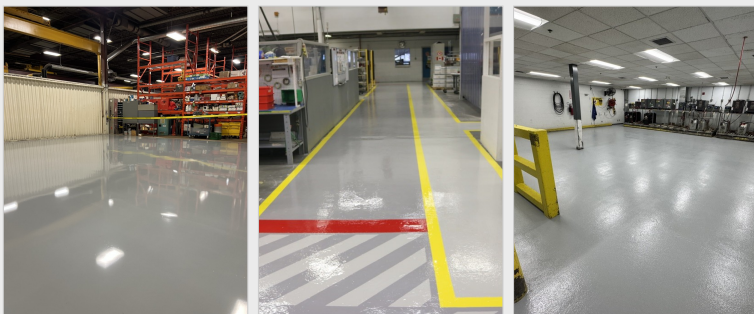

- CFIA / NSF / USDA compliant
- Thermal shock resistant
- Integral coved base

MANUFACTURING

Lean 5S/Six Sigma-ready systems engineered for forklift traffic, chemical exposure, and 24/7 production environments.

- Lean 5S / Six Sigma ready
- Forklift & load rated
- Chemical resistant

HEALTHCARE

Antimicrobial, seamless systems resistant to disinfectants and bodily fluids — supporting strict infection control protocols.

- Antimicrobial additives
- Seamless — no grout joints
- Disinfectant resistant

PHARMACEUTICAL

GMP and clean-room certified ESD and static-dissipative systems meeting USP, ISO, and clean-room classification standards.

- GMP / ISO / ESD certified
- Non-particulating seamless
- Solvent & chemical resistant

EDUCATION

Durable, colourful, slip-resistant flooring for schools, universities, and gymnasiums — reducing maintenance and enhancing safety.

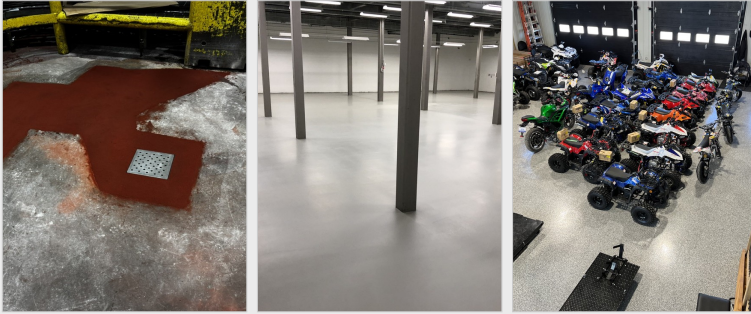

- Slip-resistant & safe
- High foot-traffic rated
- Custom colour options

WAREHOUSING

High-build, abrasion-resistant systems rated for forklifts and pallet jacks with clearly defined traffic and storage zones.

- Forklift-rated systems
- Traffic zone marking
- High abrasion resistance

CONCRETE REPAIR

Crack injection, shot blasting, spall repair, and full slab restoration — preparing any substrate for a lasting seamless system.

- Crack injection & filling
- Shot blast & surface prep
- Full slab restoration

RETAIL

Decorative metallic, epoxy flake, and high-gloss polished systems that make an impression and handle daily customer foot traffic.

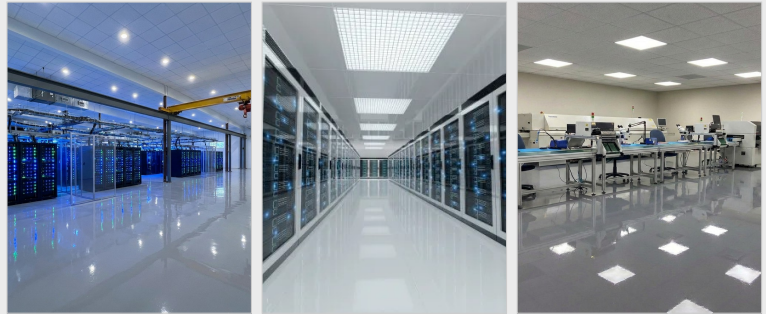

- Decorative metallic & flake
- High-gloss finishes
- Custom colour matching

HIGH-TECH

ESD-controlled, particle-free systems for clean rooms, data centres, and electronics manufacturing to ISO clean-room standards.

- ESD & static-dissipative
- ISO clean-room rated
- Particle-free seamless

RESIDENTIAL

Garages, basements, patios, and living spaces transformed with beautiful, durable seamless finishes in any colour or style.

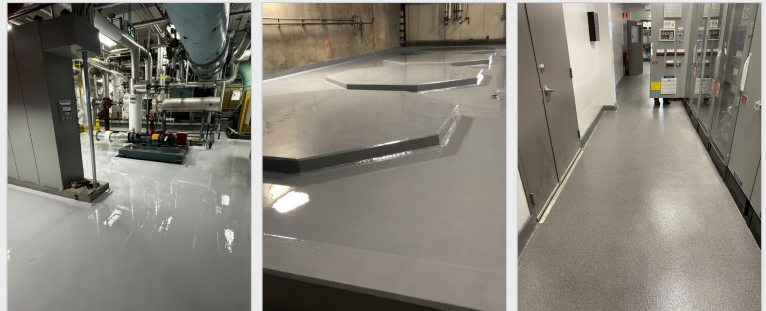

- Garage & basement floors
- Outdoor & patio coatings
- Custom colours & finishes

UTILITIES

Corrosion-resistant, waterproof polymer systems for water treatment plants, mechanical rooms, and industrial utility areas.

- Waterproof membranes
- Chemical & corrosion resistant
- UV & temperature stable

Seamless Product Offerings

- Epoxy Coating Systems
- Troweled Epoxy Systems
- Cementitious Polyurethane Systems
- Self-Levelling Systems
- Waterproofing Systems
- Parking Deck Systems
- Decorative Quartz & Flake Systems
- Chemical Resistant Systems
- Decorative Metallic Systems
- Ergonomic Flooring Systems
- ESD Flooring Systems
- Decorative Marble Systems
- PUMA/MMA Flooring Systems
- Epoxy & Urethane Wall Systems

...and many other complementary products and systems.
