

Standard Colours

Protective Coatings

Epoxy, Polyurethane and Acrylic-hybrid resin based coatings can be colour tinted to meet your exact needs using the latest in computerized colour dispensing technology.

Note: Substrate type and porosity, finishing technique and lighting may affect the final coating colour. Safety (SF) and Signal colours are subject to additional surcharge.

DUR-A-HARD

Dur-A-Hard

Dur-A-Hard is an odourless, zero VOC, high strength, cementitious, polyurethane floor coating system approved for use by the Canadian Food Inspection Agency in the food and beverage industry. Dur-A-Hard provides a monolithic, durable, wear resistant, non-slip surface that is chemical resistant and does not support bacteria growth.
